Re: Application of ExteNet Asset Entity, LLC for a Certificate of Public Convenience and Necessity to Provide Local Exchange and Competitive Intrastate Telecommunications Services in the State of Delaware

PSC Docket No. _____

Dear Secretary Nickerson:

On behalf of ExteNet Asset Entity, LLC ("Applicant"), enclosed for filing with the Commission are an original and ten (10) copies of the above-referenced Application. Also enclosed is a check in the amount of \$3,750.00 to cover the requisite filing fee.

Exhibit B to the Application contains confidential and competitively sensitive financial and business information regarding Applicant's parent and is not normally subject to public inspection. Exhibit B therefore has been marked as Confidential and provided in a separate envelope. Applicant respectfully requests that it be treated in accordance with Rule 11 of the Commission's Rules of Practice and Procedure.

Please date-stamp the extra copy and return it in the envelope provided. Pursuant to the Commission's rules, a copy of this filing is being served in the Division of Public Advocate. Should you have any questions, please do not hesitate to contact me.

Respectfully submitted,

Brooke McGlinn (DE Bar # 4884)

**APPLICATION OF EXTENET ASSET ENTITY, LLC
FOR A CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY**

I. INTRODUCTION

L ExteNet Asset Entity, LLC (“EAE” or “Applicant”), by its undersigned counsel and pursuant to pursuant to 26 Del. Admin. C. Section 4001 of the Rules for the Provision of Telecommunications Service (the “Rules”) issued by the Delaware Public Service Commission (“Commission”), hereby applies for a Certificate of Public Convenience and Necessity (“Certificate” or “CPCN”) to provide local exchange and competitive intrastate telecommunications services throughout the State of Delaware.

This Application is being filed to implement a plan that will expand the ExteNet family of authorized operating companies to better align their businesses with current and future customer focus and growth and to obtain additional debt financing. As a result of certain internal changes, ExteNet Systems, Inc. (“ESI”), will assign to EAE, and EAE will thereafter, operate certain network infrastructure and related assets, including ESI’s customer accounts and

contracts, antennas, fiber and other telecommunications equipment, with which EAE will serve the wireless service provider (“WSPs”) customers which are parties to the assigned contracts.¹ Following the *Pro Forma* Assignment, EAE will primarily provide service and networks targeted to WSPs. ESI will continue to operate under its existing certificate and will focus on continuing to develop, sell, and construct new distributed networks and providing “lit” services to commercial users and new services.

In support of this Application, Applicant submits the following information:

II. QUALIFICATIONS

A. Description of Applicant

Applicant’s legal name is ExteNet Asset Entity, LLC. Applicant will provide service under its legal name.

Applicant’s principal place of business is:

3030 Warrenville Rd., Suite 340

Lisle, IL 60532

Tel: (630) 505-3800

Fax: (630) 577-1332

www.extenetsystems.com

EAE is a limited liability company formed under the laws of Delaware. A copy EAE’s Certificate of Formation is attached in **Exhibit A**. EAE is a direct, wholly owned subsidiary of ExteNet Issuer, LLC, which in turn is wholly owned by ExteNet Guarantor, LLC, which in turn is wholly owned by ESI. ESI is a privately held Delaware corporation and a direct, wholly owned subsidiary of Odyssey Acquisition, LLC (“Odyssey”), a Delaware limited liability company. Odyssey is an indirect, wholly owned subsidiary of Mount Royal Holdings, LLC

¹ EAE and ESI will file a Joint Application for approval from the Commission for this assignment (“*Pro Forma* Assignment”).

("Parent"), a Delaware limited liability company. Parent has executive offices located at 750 Park of Commerce Drive, Suite 200, Boca Raton, Florida 33487. Parent has no majority owner, but rather is owned by multiple private equity firms and certain individuals in management of ESI.

The officers of Applicant are:

James Hyde – President
Daniel L. Timm – Vice President
H. Anthony Lehv – Secretary and General Counsel
Douglas Newkirk – Assistant Secretary
Lindsay Pieropoulos – Assistant Secretary

All officers may be reached at the Applicant's principal office listed in Section II.A.

above.

B. Designated Contacts

Correspondence or communications pertaining to this Application should be directed to Applicant's Delaware counsel:

msimpson@extenetsystems.com

Applicant's registered agent in Delaware is:

Corporation Service Company
251 Little Falls Dr.
Wilmington, Delaware 19808

C. Financial and Managerial Qualifications

Applicant possesses the requisite financial resources to provide local exchange and competitive intrastate telecommunications service in Delaware. Given that Applicant is a newly created entity, for purposes of this Application, Applicant will rely on the financial statements of its parent, ESI, to demonstrate Applicant's financial qualification to operate in Delaware. The most recent audited consolidated financial statements of ESI are provided under seal as **Exhibit B**. The information provided in **Exhibit B** is proprietary and Applicant requests, pursuant to Rule 11 of the Commission's Rules of Practice and Procedure that this information be treated

confidentially, as it contains sensitive information regarding Applicant's business operations which is not normally subject to inspection by the public. Applicant is financially qualified to operate as a reseller and facilities-based provider within the State of Delaware.

Applicant also is technically and managerially qualified to provide competitive local exchange and competitive intrastate telecommunications services in Delaware. EAE's technical and managerial personnel are well qualified to direct the provisioning, delivery, billing and customer service for the proposed services. The senior management of EAE has great depth of experience in the telecommunications industry and offers extensive telecommunications business, technical, and managerial expertise to EAE. Copies of the biographies of Applicant's key management personnel are provided in Exhibit C. Neither Applicant nor any of its officers, directors, partners or managers has been or are currently the subject of any civil or criminal proceedings pending before any state or federal regulatory commission, administrative agency, or law enforcement agency that could adversely affect Applicant's ability to provide telecommunications services in Delaware.

EAE is currently authorized to provide intrastate telecommunications service in the District of Columbia and New York. In addition to Delaware, EAE is in the process of seeking authority to provide intrastate telecommunications services in Illinois, Pennsylvania, and Virginia. EAE also plans to seek certification in the following states: Alabama, Arizona, Colorado, Connecticut, Florida, Georgia, Iowa, Indiana, Kansas, Kentucky, Louisiana, Massachusetts, Maryland, Michigan, Minnesota, Missouri, North Carolina, Nevada, New Jersey, New Mexico, Ohio, Oklahoma, Oregon, Rhode Island, Tennessee, Texas, Utah, Washington, and Wisconsin. EAE has not been denied requested certification in any jurisdiction, nor has any permit, license, or certificate been revoked by any authority. EAE also expects to hold blanket

domestic interstate 214 authority (47 C.F.R. § 63.02) upon commencement of interstate telecommunications services. Applicant has not been denied requested certification in any jurisdiction, nor has any permit, license, or certificate been permanently revoked by any authority.

Thus, Applicant is technically and managerially qualified to provide local exchange and competitive intrastate telecommunications services in Delaware.

D. Description of Services and Price List

Applicant seeks authority to provide competitive services as defined in 26 Del. Code § 705(c). Applicant does not seek authority to provide basic services as defined in 26 Del. Code § 705(a). EAE will provide distributed network services (*e.g.*, DAS) to WSPs on a wholesale basis. The telecommunications services EAE expects to provide initially will include point-to-point telecommunications services. These services will be offered to WSPs, other telecommunications carriers and communications providers. EAE will provide the same services as currently provided by its indirect parent, ESI, and will initially utilize the existing network infrastructure of ESI in Delaware, which will be transferred to EAE, as described above in connection with the *Pro Forma* Assignment. EAE does not intend to furnish switched voice services or dial tone and has no immediate plans to provide service to residential customers or business customers other than WSPs and telecommunications carriers.

Applicant will comply with all applicable Commission rules, regulations and standards, and will provide safe, reliable and high-quality telecommunications services in Delaware.

Applicant does not intend on providing any prepaid month-by-month service to credit challenged subscribers in Delaware.

EAE planned service offerings will meet or exceed the Commission's quality of service requirements. In addition, connectivity of EAE's services will not impair the statewide public switched network. Applicant will perform network and equipment maintenance necessary to ensure compliance with any quality of service requirements.

Applicant elects to be regulated under Subchapter VII-A, Chapter 1 of Title 26 of the Delaware Code. Further, since Applicant will only provide competitive services, Applicant is not filing a tariff with the Commission.

To the extent required, Applicant will provide a continuous performance or surety bond prior to commencing service in Delaware.

E. Public Interest Considerations

EAE respectfully submits that the grant of the requested certificate authorizing it to provide local exchange and competitive intrastate telecommunications services within the State of Delaware is in the public interest. Applicant has experience in providing competitive and innovative products through its parent, ESI, and Applicant will offer similar services at the same rates and on the same terms and conditions as currently provided by ESI (subject to future changes pursuant to applicable law and contract provisions) following grant of the requested CPCN (and approval of the transfer of assets from ESI). EAE will also offer other point-to-point telecommunications services. Given that EAE and ESI share the same management team, EAE's customers will benefit from that team's knowledge and experience in the Delaware market. EAE expects to offer customers a wide array of services, thus providing Delaware consumers greater choice for innovative and technologically advanced telecommunications services, high quality customer service, and competitive prices. EAE will operate its networks and offer services

designed to meet the individual needs of its WSP customers in providing high quality services to their end user customers in an efficient and cost-effective manner.

F. Waiver Requests and Publication Requirements

To the extent necessary, EAE requests a waiver of the Commission's requirement that the company maintain its books in the state of Delaware. The Commission has previously authorized waivers of its rules to allow competitive carriers to maintain their books and records outside the state of Delaware upon the condition that all such books relating to Delaware operations shall be provided to the Commission at the Commission's office in a timely manner upon written request by the Commission. Consistent with industry practice for competitive carriers, Applicant similarly requests authority to maintain its books and records relating to its Delaware operations at its corporate offices in Illinois.

In addition, EAE respectfully requests that the Commission waive the USOA accounting requirements and allow EAE to maintain its records according to Generally Accepted Accounting Principles ("GAAP").

In accordance with the Commission's rules, EAE will publish notice of this Application in The News Journal & Delaware State News at its own expense and will file proof of publication with the Commission when such notice has been completed. A proposed public notice of the filing is provided as **Exhibit D**.

III. CONCLUSION

The participation of Applicant in the local exchange and competitive intrastate telecommunications market will enhance competition in the provision of telecommunications services and will bring significant benefits to Delaware consumers, in compliance with, and in furtherance of, the laws, rules and regulations of the State of Delaware and the Federal Act.

Applicant's request to provide local exchange and competitive intrastate telecommunications services within the State of Delaware should be granted upon a showing by Applicant that it possesses the managerial qualifications, financial revenues, and technical competence to provide such services. Applicant has demonstrated above that it possesses these qualifications.

WHEREFORE, for the reasons stated above, Applicant respectfully submits that the public interest, convenience, and necessity would be furthered by a grant of this Application for the authority to provide local exchange and competitive intrastate telecommunications services in the State of Delaware.

Respectfully submitted,

Brooke McGlinn (No. 4884)

FIRST. The name of the limited liability company formed hereby is ExteNet Asset Entity, LLC.

SECOND. The address of the registered office of the LLC in the State of Delaware is c/o Corporation Service Company, 251 Little Falls Drive, Wilmington, New Castle County, Delaware 19808.

THIRD. The name and address of the registered agent for service of process on the LLC in the State of Delaware are Corporation Service Company, 251 Little Falls Drive, Wilmington, New Castle County, Delaware 19808.

IN WITNESS WHEREOF, the undersigned has executed this Certificate of Formation as of the date first above written.

Name: Douglas R. Newkirk
Authorized Person

EXHIBIT B

Financial Statements

[CONFIDENTIAL - Submitted Under Seal]

EXHIBIT C

Management Biographies

James Hyde – Chief Executive Officer

James Hyde brings more than 20 years of experience in telecommunications and digital infrastructure to ExteNet as well as deep expertise in operations, general management and sales.

Prior to joining ExteNet, Mr. Hyde served as President of Prepaid Group, Wholesale, Affiliates and Strategic Partnerships at Sprint, where he led the company's efforts to build out its MVNO and prepaid services businesses. Mr. Hyde also ran a number of other business units at Sprint including Boost Mobile, Virgin Mobile, and Assurance Wireless.

Previously, Mr. Hyde was the Executive Chairman at Fastback Networks, a wireless backhaul solutions provider. Earlier in his career, Mr. Hyde held management and board director roles at GPS Industries, Lumos Networks, NTELOS Holdings and T-Mobile UK.

Mr. Hyde graduated from Arizona State University with a Bachelor of Science degree in Finance and was a member of the 1988 U.S. Olympic weightlifting team. He has been active in several industry associations including Competitive Carriers Association (CCA) and CTIA where he previously served in various leadership roles.

Richard Coyle, Executive Vice President and Chief Operating Officer

Richard Coyle has over twenty years of growing and improving the operational, financial and market position of businesses.

Prior to his role with ExteNet, Mr. Coyle served as Operating Partner for Fiber at Digital Bridge Holdings LLC, where was responsible for executing the firm's investments in global fiber networks and lending his operations expertise to the businesses. Previously, Mr. Coyle served as Senior Vice President of Network Operations at Wilcon, a fiber and data center infrastructure solutions provider, where he built the company into a leading fiber provider for Los Angeles-serving enterprises, carriers and dark fiber customers.

Before joining Wilcon, Mr. Coyle was Senior Vice President of Operations at Zayo Group where he led operations for their metro fiber networks throughout the United States. He has also held management roles at American Fiber Systems, IDACOMM and Sierra Pacific Resources.

Mr. Coyle graduated from City University of New York-Queens College with a degree in Accounting.

Daniel L. Timm – Executive Vice President and Chief Financial Officer

Dan Timm is an experienced senior executive, bringing to ExteNet a combination of investor perspective and managerial capabilities across all functional areas, with a record of demonstrated success in many growing companies. Throughout his career, Dan has built and led management teams, effectively managed relationships with all stakeholders, and played key roles in corporate acquisitions, divestitures, recapitalizations and IPOs. He has significant experience across a broad spectrum of industries, including communications services and infrastructure, contract electronics manufacturing, food processing, transaction processing, business process outsourcing, healthcare services, IT services, and specialty pharmaceuticals.

Prior to joining ExteNet, Dan was an operating partner with GTCR Golder Rauner, where he was a director for numerous companies (public and private, large and small), acting as GTCR's primary interface with senior company executives and other constituents. He also has served as SVP and CFO of Chatham Technologies, president and director of The Bruss Company, and senior associate at Ridge Capital (a middle market focused private equity firm). He began his career at PricewaterhouseCoopers, advancing to manager of M&A consulting.

Dan earned an MBA in Finance from the University of Chicago, a BS in Accountancy from the University of Illinois-Urbana and is a CPA.

Andrew G. Chavez - Senior Vice President, Sales & Marketing

Andrew Chavez currently is the Senior Vice President of Sales & Marketing for ExteNet Systems. In this role, he is responsible for setting strategy, new business development and managing the overall client relationships for the Sales & Marketing team.

Andy joined ExteNet Systems in April 2013 and prior to that, led the North American Customer Business Team for Nokia Siemens Networks. Andy brings with him more than 20 years of experience in the telecommunications industry.

PUBLIC NOTICE

**TO: ALL PERSONS MAKING TELEPHONE CALLS WITHIN THE STATE OF
DELAWARE, TELECOMMUNICATIONS CARRIERS PROVIDING
TELECOMMUNICATIONS SERVICE WITHIN THE STATE OF DELAWARE,
AND ALL OTHER INTERESTED PERSONS**

Pursuant to 26 Del. C. § 203 (A) (1989) and Rule 4 of Regulation Docket No. 4 of the Commission's Rules, ExteNet Asset Entity, LLC ("EAE" or "Applicant"), a Delaware limited liability company, with authority to transact business in the State of Delaware has applied to the Delaware Public Service Commission ("PSC" or "Commission") for a Certificate of Public Convenience and Necessity ("CPCN") to provide local exchange and competitive intrastate telecommunications services to the public within the State of Delaware under rates, terms, and conditions which the Applicant will have on file with the Commission.

The PSC has been authorized by the General Assembly to foster and promote the competitive provision of local exchange and intrastate telecommunications services, where appropriate, within the State of Delaware according to 26 Del. C. § 201(c) and § 703 and Pub. L. 104-104. Pursuant to such authority, and to the Rules and Regulations of the Commission governing the competitive provision of local exchange and intrastate telecommunications, the Commission proposes to grant the requested CPCN on a conditional basis to the Applicant. The Commission Staff is reviewing the application and will be determining if EAE has satisfied the criteria for local exchange and competitive intrastate telecommunications services under these Rules.

Any person wishing to protest or to comment upon this application must do so in writing filed with the Commission on or before [DATE]. In the absence of any good faith protest, the

Application will be approved and a conditional Certificate granted.

The Commission's mailing address for the filing of comments is:

Delaware Public Service Commission
861 Silver Lake Boulevard
Cannon Building, Suite 100
Dover, Delaware 19904
Attention: PSC Docket No. _____

Copies of the Application are available for public inspection in the Commission's Dover office at the address given above during normal business hours.

This Applicant is not regulated by the PSC as a monopoly service provider. The Commission is relying on the competitive marketplace to determine acceptable terms and rates for the various competitive telecommunications services offered by this company and, therefore, **ALL PROSPECTIVE CUSTOMERS ARE ADVISED TO VERY CAREFULLY REVIEW THE TERMS, CONDITIONS OF SERVICE, AND RATES BEFORE SUBSCRIBING.**

Any individual with disabilities who wishes to participate in this matter or to review this Company's application should contact the PSC to discuss any auxiliary aides or services needed to facilitate such review or participation. Such contact may be in person, by writing, or telephonically (including the use of the Telecommunications Relay Service). The PSC's toll-free (within Delaware) telephone number is 800-282-8574. Persons with questions concerning this matter should contact the PSC by either text-telephone or by regular telephone at 302-736-7500.
